

Application for General Permit to  
Discharge Stormwater Associated with  
**Industrial Activity**

☐ Change of Information

Permit No. SO3-00 \_\_\_\_\_

Please print eligibly in ink or type

**I. Permittee Information**

Please Read Instructions Before Filling Out This Form

**\*\* Date Facility Starts or Started Operation**

**Operator/Representative for the Facility**

(All correspondence Will Be Mailed Here)

**Billing Address**

Operator/Representative's Name			Billing Contact Name		
Title		Phone No.	Phone No.		
Company Name			Company Name		
Street Address or P.O. Box			Mailing Address		
City	State	Zip + 4	City	State	Zip + 4

**II. Facility Information**

Name of Facility			Facility Contact Name		Phone No.																
Facility Street Address (or Location Description)																					
City	State	Zip + 4	County																		
A. List the Primary Standard Industrial Classification Code for your facility in No. 1 1. <table border="1"><tr><td></td><td></td><td></td><td></td></tr></table> 2. <table border="1"><tr><td></td><td></td><td></td><td></td></tr></table> 3. <table border="1"><tr><td></td><td></td><td></td><td></td></tr></table> 4. <table border="1"><tr><td></td><td></td><td></td><td></td></tr></table>																					
B. Type or Nature of Business: _____																					
C. Total size of site with industrial activity in acres: _____. Divide square feet by 43,560 to get acres.																					

**III. Receiving Water Information.**

1. Site Map: Prepare a map with the following information and attach it to this form (see permit Special Condition S9.B.1.b.) <ul style="list-style-type: none"><li>• Drainage and discharge structures (name each discharge point).</li><li>• An outline of the stormwater drainage areas for each stormwater discharge point.</li><li>• Areas where stormwater discharges to the ground.</li><li>• Paved areas.</li><li>• All buildings.</li><li>• Areas of pollutant contact (actual or potential).</li><li>• Surface water locations (include wetlands, drainage ditches, and sloughs).</li><li>• Areas of existing and potential soil erosion.</li><li>• Vehicle service areas.</li></ul>
2. Discharge Identifier: List the name, number, or letter, used on the map to identify the point(s) of discharge. (Please list <u>all</u> points of discharge) _____
3. If you have identified more than one point of discharge (listed above), which point(s) of discharge do you expect to take stormwater samples in order to comply with the permit sampling requirement? _____
4. <b>Latitude/Longitude Point of Discharge:</b> this is the geographical location of the point where stormwater is discharged from your facility expressed in latitude/longitude Latitude: _____ ° _____ ' _____ " Longitude: _____ ° _____ ' _____ "

5.	<b>Name of Receiving Water:</b> Provide the name of the water body where discharges from your site enter. (e.g. Mill Creek, Elliot Bay, Chehalis River) <div style="border-bottom: 1px solid black; height: 1.2em; margin-top: 5px;"></div>
6.	<b>Latitude/Longitude of the Receiving Water:</b> this is the geographical location of the point where discharge from your facility enters the receiving water listed above. (It may be the same as number 3 above)  <div style="display: flex; justify-content: space-between;"> <span>Latitude:    °    '    "</span> <span>Longitude:    °    '    "</span> </div>
7.	<b>Name of Conveyance System:</b> if you discharge to a municipal stormwater system or other stormwater conveyance system (e.g. Kent stormwater drainage system, roadside ditch). Identify the system by name or if unnamed, by other identifier (e.g. 145 <sup>th</sup> street ditch) <div style="border-bottom: 1px solid black; height: 1.2em; margin-top: 5px;"></div>

#### IV. Request for Mixing Zone

<input type="checkbox"/>	I am requesting a standard mixing zone as authorized in the industrial stormwater general permit, applicability and size defined in Special Condition S3.E. I certify that the following is true: <ol style="list-style-type: none"> <li>1. The mixing zone will not be applied to a pollutant subject to 303(d) listing at the point of discharge;</li> <li>2. The receiving waterbody does not have a control plan that would limit available dilution;</li> <li>3. I have implemented all known available and reasonable methods of prevention, control and treatment (AKART) as identified below:             <div style="margin-left: 40px;">               i. the facility has prepared and implemented a stormwater pollution prevention plan consistent with permit requirements                 ii. all appropriate best management practices established for stormwater pollutant control associated with their industry as identified by Ecology's stormwater management manual have been applied to the discharge             </div> </li> <li>4. The mixing zone does not have a reasonable potential to result in a loss of sensitive or important habitat, substantially interfere with the existing or characteristic uses of the waterbody, result in damage to the ecosystem, or adversely affect public health as determined by Ecology; and</li> <li>5. The mixing zone does not create a barrier to the migration or translocation of indigenous organisms to a degree that has the potential to cause damage to the ecosystem.</li> </ol>
<input type="checkbox"/>	I am requesting an expanded mixing zone as authorized under WAC 173-201A-100(10) and consistent with the applicability provisions in the industrial stormwater general permit, Special Condition S3.E. In requesting this mixing zone I certify that I have implemented all known, available, and reasonable methods of treatment (AKART), the proposed mixing zone will not interfere with the beneficial uses of the receiving water, and will not create a barrier to the migration or translocation of indigenous organisms to a degree that might cause damage to the ecosystem. In support of this I am including the following documentation: <ol style="list-style-type: none"> <li>a) A map clearly identifying all waters included in the expanded mixing zone;</li> <li>b) All known discharges within the expanded mixing zone, their location and the source of the discharge;</li> <li>c) A description of the historic and current uses of all waters in the expanded mixing zone including the typical plant and animal species inhabiting the waters and public uses of the waters; and</li> <li>d) Characterization of the stormwater discharge consistent with the EPA Form 3510-2F (Form 2F).</li> </ol>

#### V. Stormwater Pollution Prevention Plan (SWPPP)

Has a stormwater pollution prevention plan been developed? <input type="checkbox"/> Yes <input type="checkbox"/> No
If NO, Ecology must be notified by letter when the SWPPP has been developed and implemented. New facilities will not receive permit coverage until a SWPPP has been developed and submitted to Ecology.

#### VI. Industrial Areas and Activity Information

Areas with industrial activities at facility. Check all that apply.

| ➤ Steel _____   | <input type="checkbox"/> Paints/Coatings                    | <input type="checkbox"/> Wood Chips, Sawdust, Bark |
| ➤ Plastic _____   | <input type="checkbox"/> Petroleum or Petrochemical Product | <input type="checkbox"/> Wood Treating Products    |
| <input type="checkbox"/> Equipment (engines, machine parts, etc.) | <input type="checkbox"/> Pesticides                         | <input type="checkbox"/> Other: _____              |
| <input type="checkbox"/> Forklifts                                | <input type="checkbox"/> Plastic Pellets                    | <input type="checkbox"/> Other: _____              |
| <input type="checkbox"/> Hazardous Wastes                         | <input type="checkbox"/> Plating Products                   | <input type="checkbox"/> Other: _____              |
| <input type="checkbox"/> Herbicides                               | <input type="checkbox"/> Powders                            |  |

B. Identify existing management practices employed to reduce pollutants in industrial stormwater discharges. Check all that apply.

- |   |  |   |
|---|--|---|
| <input type="checkbox"/> Automatic Shutoff Control Valve System (Spill Control) | <input type="checkbox"/> Dispose of Waste Materials Properly           | <input type="checkbox"/> Procedures for Maintenance and of Deteriorating Equipment Repair/Replacement   |
| <input type="checkbox"/> Berms/Dikes  | <input type="checkbox"/> Double-Walled Storage Tanks                   | <input type="checkbox"/> Recycling/Source Reduction   |
| <input type="checkbox"/> Catch Basins Cleaned Regularly                         | <input type="checkbox"/> Drain Dumpsters to Sanitary Sewer             | <input type="checkbox"/> Slope Impervious Areas to Sanitary Sewer (Particularly Loading/Unloading Area) |
| <input type="checkbox"/> Chemical Treatment for Erosion Control                 | <input type="checkbox"/> Drip Pans                                     | <input type="checkbox"/> Spill Prevention Plan  |
| <input type="checkbox"/> Comply with Uniform Fire Codes                         | <input type="checkbox"/> Elevate Materials Stored Outside              | <input type="checkbox"/> Stencil Storm Drains "No Dumping"  |
| <input type="checkbox"/> Containment  | <input type="checkbox"/> Infiltration Basins                           | <input type="checkbox"/> Storm Drain Plugs and/or Cover Kits  |
| <input type="checkbox"/> Covered Dumpsters                                      | <input type="checkbox"/> Inspection Storm Drains for Illicit Discharge | <input type="checkbox"/> Surface Leachate Collection  |
| <input type="checkbox"/> Covered Loading/Unloading Areas                        | <input type="checkbox"/> Label Containers                              | <input type="checkbox"/> Sweep and Clear Site of Debris   |
| <input type="checkbox"/> Curbing  | <input type="checkbox"/> Limit Use of Toxic/ Hazardous Chemicals       | <input type="checkbox"/> Train Employees on Pollution Prevention  |
| <input type="checkbox"/> Daily Checks for Leaks/Spills                          | <input type="checkbox"/> Maintain Ditches/Culverts                     | <input type="checkbox"/> Vegetation Management  |
| <input type="checkbox"/> Dead End Sumps   | <input type="checkbox"/> Maintenance Records Kept Current              | <input type="checkbox"/> Wetland Detention Pond   |
| <input type="checkbox"/> Detention Facilities                                   | <input type="checkbox"/> Oil/Water Separator                           |   |
| <input type="checkbox"/> Dispose of Debris from Catch Basin Properly            | <input type="checkbox"/> Overhead Coverage                             |   |

## VIII. Regulatory Status. Check all that apply.

**IX. State Environmental Policy Act (SEPA).** Applies only to new or newly established facilities.

**X. Public Notice.** Applies only to new or newly established facilities.

## XI. Certification of Permittee(s)

*"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."*

(If Co-Permittee)

Operator/Representative's Printed Name	Co-Permittee's Printed Name
Operator/Representative's Signature	Co-Permittee's Signature
